OBJECTIVE

Motivated and detail-oriented Information Technology student with a strong foundation in Python, web development, and Generative AI. Passionate about building user-friendly and efficient applications using tools like Django and AngularJS. Quick learner with a problem-solving mindset, eager to contribute to innovative projects and grow in a dynamic tech environment.

EDUCATION

Bachelor of Engineering (B.E.) – Information Technology

2022-2026(Expected)

Currently pursuing my Bachelor's Degree of Engineering from ' Sal Engineering & Technical Institute ' affiliated to 'Gujarat Technological University ' with current CGPA of 7.3 in Semester 6

EXPERIENCE

Python & Django Intern (Remote Internship)

July 2025(15 Days)

CreArt Solutions

- ◇ Gained practical experience in backend development using Django framework
- ◇ Worked on building and deploying a simple CRUD web application
- ◇ Learned about routing, templates, models, and database integration

Intern – Generative AI (Summer Internship)

July 2025

IBM (By Department of Science and Technology, Gujarat)

- ◇ Developed a “Personalized Workout Generator” using Python and Generative AI models
- ◇ Designed a user-friendly interface using Flask and Bootstrap
- ◇ Gained hands-on experience with prompt engineering and model integration

SKILLS

Technical Skills:

Python, Django, HTML, CSS, AngularJS, Bootstrap, MySQL, Flask, VS Code

AI & Data Skills:

Generative AI, Prompt Engineering, Model Integration, Data Handling, Jupyter Notebook

SOFT SKILLS

- Strong verbal and written communication (English)
- Leadership and team collaboration
- Quick learner with a proactive mindset
- Time management and adaptability
- Problem-solving and critical thinking

CERTIFICATIONS

IBM Generative AI & Python Certifications :

- Generative AI Essentials
- Prompt Engineering Essentials
- Responsible & Ethical Generative AI
- Foundation Models & Generative AI Platforms
- Generative AI for Business & Professionals
- Python Fundamentals for Beginners
- Plus 7 Skill Badges covering Data Science, AI, and project work (view all on [Credly](#))

Other Certifications:

- Web Development – Microsoft Student Ambassador Program
 - Generative AI – Google Cloud Vertex AI Basics
 - Ethical Hacking & Cybersecurity Workshop – Pristine InfoSolution
-

ACTIVITIES

Member – **Indian Society for Technical Education (ISTE)**, Chapter SAL

Actively involved in various technical and leadership events organized under ISTE.

- **Team Leader – “Quizo Fun” (Group Quiz, Alankar Event)**
Led a team in a fast-paced quiz competition testing general and technical knowledge.
- **Team Leader – United Diplomat Summit**
Secured **Runner-up position** while leading a team in a mock global summit event, showcasing leadership, communication, and diplomacy skills.
- **Participant – 19th ISTE Gujarat State Annual Students Convention, “Prarambh TechFest 2K25”**
Participated in workshops, speaker sessions, and hands-on tech activities held at SAL Education.

Participant – Smart India Hackathon (SIH)

Contributed to innovative problem-solving in a national-level coding and innovation challenge, working on a real-world problem statement as part of a team.

"Don't think about the results, just focus on doing your job well — the process will take care of the outcome."
– M.S. Dhoni
